

### Laser patterning

Flexible and complex pattern designs with different laser wavelengths possible.

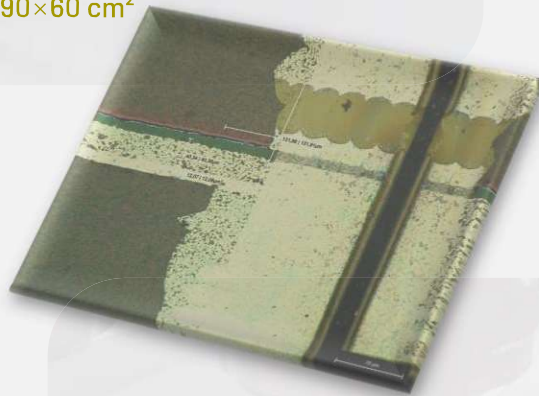

5×5 cm<sup>2</sup> - 40×40 cm<sup>2</sup>

### Edge deletion / Coating removal

Fast and high throughput removal of functional layers or coatings.

10×10 cm<sup>2</sup> - 90×60 cm<sup>2</sup>

### Laser engraving

CO<sub>2</sub> laser suitable for engraving glass, plastic and acrylic materials.

max. 45×30 cm<sup>2</sup>

### Mechanical scratching

Applied where laser structuring is limited by heat accumulation.

5×5 cm<sup>2</sup> - 40×40 cm<sup>2</sup>
