# DHL parking house in Leipzig (DE)

SKALA

Empower your facade

In our first hybrid project, building-integrated photovoltaics and rooftop solar systems were combined on the new parking garage combined to cover a large part of the DHL campus' electricity requirements.

809 MWh
Energy yield per year

305,550 kg
CO_2 savings per year based on country-specific emission factors

Black B001

Light Green 4001
